& Nancy Ashworth

Waste Pro Recycle Days

March 7th, 21st
April 4th, 18th
May 2nd, 16th, 30th

Neighborhood Updates

Bridgework Begins!

Buckeye Bridges began work this week on the community's four bridges. Work commenced at the uppermost bridge on Nancy Ashworth, then the team will move sequentially down to the front of the neighborhood. Work is estimated to take three weeks. Roads will remain open at all times with no obstructions.

The creeks will be dammed up to capture water and direct it around the culverts so repairs can be made. Repairs to the rock work will take place at a later date.

DRC Updates

Richard Warren provides an update to the construction taking place in our community:

- The Parks hope to finish construction by mid summer.
- Brian and Eric have begun land clearing and grading.
- Reeder construction continues.

Torrential rainfall on January 9th remediated the fall drought conditions. The total collected in 24 hours at the Leary's house measured 3.81 inches!

Bridge Repairs Begin....
